Old Fort Baptist Church is pleased to have the opportunity to assist you with your special event. It is our prayer that these policies will assist you to make this a special time. Thank you for your careful consideration of the policies. If you have further questions or considerations, please do not hesitate to call. It is our desire to serve the Lord by serving you. All events held at Old Fort are evaluated and scheduled on an individual-case-basis and approval is based on the submission of the attached Facility Use Form.

Old Fort has been blessed with many facilities which are large enough to host wedding or anniversary receptions and other special events for our church members. Additionally, we offer our facilities to community and other groups on a space available basis. These policies apply to all facilities reserved and used for receptions/events at Old Fort Baptist Church.

The reception/event will be scheduled by contacting the Event Coordinator in the church office at least three (3) months in advance of the preferred date. Once you have contacted the church and scheduled the reception/event, please send in the enclosed questionnaire so that we will have all the necessary details in writing. Use of the facilities by church members will be at no charge unless the individual/group responsible for the event wishes to have a custodian perform the cleanup after the reception/event. Use of the facilities by non-church members or non-profit organizations will be per the fees indicated at the bottom of this document. The date will be confirmed when the application and the non-refundable \$50.00 deposit (non-members) is received in the church office. Church events will always have precedence over outside events except when those outside events are previously scheduled with a paid deposit.

Keys for any reserved facility will be picked up at the church office no earlier than 2 days prior to the event and must be returned no later than 2 days after the event.

No church facility is available to use for commercial enterprise. If an individual desires to utilize any facility and will be paid for the services performed while using the facility, that is considered a business and the request will be denied.

The following details will ensure that all receptions and events held at Old Fort Baptist will be meaningful and pleasurable experiences. To this end, we ask your cooperation in the following areas.
