At Old Fort Baptist Church we are delighted to have the opportunity to assist you with your wedding. We realize that this event will be most meaningful to you when it is planned carefully and is presented as a worshipful celebration. It is our prayer that these policies will assist in making your wedding one that will be cherished by all involved. Thank you for your careful consideration of the policies. If you have further questions or considerations, please do not hesitate to call. It is our desire to serve the Lord by serving you.

GENERAL

Because God has ordained marriage and defined it as the covenant relationship between a man, a woman, and Himself, Old Fort Baptist Church will only recognize marriages between a biological man and a biological woman. Further, the Pastor and staff of Old Fort Baptist Church shall only participate in weddings and solemnize marriages between one man and one woman. Finally, the facilities and property of Old Fort Baptist Church shall only host weddings between one man and one woman. This policy is in accordance with the Old Fort Baptist Church Constitution and Bylaws.

SCHEDULING OF CEREMONY AND PRE-MARRIAGE CONSULTATIONS

The ceremony and rehearsal should be scheduled by contacting the Event Coordinator in the church office at least three (3) months in advance of the preferred date. Once the ceremony is scheduled, if a staff minister will be performing the ceremony, the Event Coordinator will put you in touch to confirm the date with his schedule. An immediate appointment may need to be made since the minister reserves the right to decide whether or not to conduct the ceremony depending upon circumstances and his calendar.

Once the ceremony is scheduled, the minister will work with the couple to arrange the pre-marriage counseling. It is our desire to assist you in building a spiritual base upon which your marriage can grow.

Once you have contacted the church and scheduled the wedding, please mail or bring in the enclosed questionnaire so that we will have all the necessary details in writing. The date will be confirmed when the application and the non-refundable \$50.00 deposit is received in the office.

FACILITIES

It is understood that all weddings and rehearsals will take place in the worship center of the church unless otherwise specified. This includes the use of the piano, organ and sound system if necessary. A room is provided for the bride to use as a dressing room before the ceremony.

Any other building must be reserved separately if desired for the reception. (There may be times when the worship center is available but the other buildings are not.)

The costs for the use of the facilities and custodial services for the facilities are included in these policies. It is the couple's responsibility to see that all policies concerning the facilities are followed.

CEREMONY AND MUSIC

It is important to remember that a church wedding is a sacred service that should be designed to bring glory and honor to God. If there is any question concerning dress codes, music or ceremony, they should be discussed with the minister before the final plans are made.

It is the responsibility of the bride and groom to secure an organist and pianist. While our musicians are not required to assist during weddings, we do suggest that you contact them first for assistance.

Only approved Sound/Media Technicians may run the sound/media equipment at the church. Our sound and media technicians must be used for all weddings in which the church sound or media system is used. The OFBC Technicians are all trained volunteers and since they all have regular full-time jobs, any activities for which they work at the church will require payment. A separate form is available to indicate your sound and media needs. Please discuss all your sound and media needs with the church office when making your wedding/event application so we can determine if our equipment can accommodate your needs. The technicians will set the lighting, set up all microphones, speakers, and necessary media equipment as requested by the event coordinator. Specifically:

The scope of the Sound Technician's (ST) responsibility is to move the sound equipment on the stage, set up any requested sound equipment for your wedding, and then reset the equipment after the wedding/event. When a Sound Technician (ST) is needed and the fee is paid, he/she will have the following responsibilities.

- Play CD/DVD as requested (it is the responsibility of the person having the event to provide the ST with the CD/DVD at the rehearsal or prior to the event)
- It is the responsibility of the ST to ensure music is appropriate for use in church setting. If deemed inappropriate the person in charge of the event will be informed.
- Clear the stage (including podium and chairs), then reset for the next event/service.
- Ensure microphones available as required
- Assist musicians/vocalists when required

When a Media Technician (MT) is requested and the fee is paid, he/she will have the following responsibilities:

- Videos/slideshows played as required (it is the responsibility of the person having the event to provide the MT with any video/pictures/PowerPoint that they would like shown)
- Church video equipment will not be used to videotape weddings or events.

FLORIST

Any florist or person responsible for decorating should decorate and remove decorations without overlapping other scheduled activities or services. All decorating should be done within the regular office hours unless otherwise cleared through the Event Coordinator. Tacks and nails in walls or furniture are strictly prohibited. Also, plastic is to be placed on the floor beneath candles to protect against drips. (We highly recommend the use of drip-less candles.) The church is not responsible for equipment left in the building and request that it be removed immediately following the wedding. No tape should be used on the platform or carpet.

PICTURES

Generally the following rules will apply for taking of pictures during the wedding. The minister performing the ceremony, however, will make the final decision on how and when pictures may be taken. The photographer should be informed that flash photography is not permitted during the ceremony. Following the ceremony, time will be taken for pictures. Video cameras are permitted only if used on a tripod in a previously agreed upon location.

CATERING

The caterer should arrange for the reception without interfering with other scheduled church events. Set-up and arrangement should be done during regular office hours unless otherwise cleared through the Event Coordinator.

GENERAL REGULATIONS

It is the responsibility of the bride and groom to ensure that all of the wedding party and guests conform to the general regulations of our church.

- All dresses of the bridal party will be characterized by dignity and style suitable to the occasion.
- No member of the wedding party or guest will be welcome for the rehearsal or wedding while under the influence of alcohol or illegal drugs.

CUSTODIAL SERVICES

The custodian is responsible for securing all buildings used in the wedding, as well as the cleaning and set-up after the wedding is over. It is the responsibility of the wedding party to remove candelabras, candles, floral arrangements, pew decorations, etc. at the conclusion of the ceremony/final pictures.
